WHAT’S NEW:

1. **The Network Roundtable Group** is NOW BY APPOINTMENT due to End of the Semester. Request should be sent to KSimont@bellsouth.net at least 3 days before the meeting. An announcement will be sent via the distribution list if a meeting will be held.

2. **Yahoo! Groups** has not resolved problems we have with multiple groups pertaining to the sending of automated meeting notices. We regret that this has left us unable to change, suspend or delete these messages from their system since around mid 2016. We have no expectations of any quick fix.

3. **Germantown CT Group** is launching Tuesday, January 31st 2017 on a weekly basis on West Street in the Training Room of Shoemaker Financial. The focus is on the often overlooked fundamentals: Accountability in your search plan, Family communications and challenges, Networking within The CT Groups and all available resources. Richard Redmont has come forward to Moderate this group and has been with The CT Groups for nearly four years. Please join in wishing Richard well in his new role as a Moderator of a new group. Visit TheCTGroups.org/info/Groups/GTWN-CT for more information.

The second and third ways are provided by our Training Series Group below. The focus of this interactive series is to broaden the education and marketability of the transitioner by offering training in topics such as negotiation, relocation, creating your board of advisors, networking, interviewing skills, and many useful skill set additions.

Since 1988 Bob brings his considerable and recognized professional career management skills, and those of his respected support group team, to help transitioners build their skills for transition, for subsequent employment, and to understand the roadblocks and obstacles faced. The support organization brings a wide range of professional experience all valuable to those during transition and afterwards. We promote mutual aid, applying the proper tools and techniques in a full-time job search including the “Elevator Speech”, and providing encouragement during the difficult times in their lives. One support member is a licensed psychiatric social worker available for special assistance, outside of the meeting, where there are signs of depression, anger, etc. Reilly has brought many of the tools and techniques discussed with the job candidates from the professional career management practice he managed for over 20 years; including:

We are meeting at Southwest Tennessee Community College’s Macon Campus in the MAC Building as part of a long-term relationship with the Community College. We do not focus on any particular industry or job sector but offer a great deal of information that can be incorporated into any job-search. Visual presentations are made at each meeting covering a specific topic relating to the job search, materials and handouts are often available and the presentation, along with the notes, are sent to each participant following the meeting. Additionally, all attendees receive job tips and helps regularly via email between meetings. Periodically, panels of job-search experts are assembled to address job-search issues from various perspectives (the hiring manager, the company HR department, the recruiter, etc.). There is also a “behind the scenes” support group that will offer assistance into resume preparation, interviewing, etc. Paul has over 20 years’ experience in running transition support groups in cities where he has lived.
